PROFILE

Third-year student in Electrical Engineering and Industrial Computer Science (BUT GEII), specialising in Electronics and Embedded Systems (ESE) at IUT Montpellier-Sète. Seeking a 3-year apprenticeship contract in an engineering school to deepen my skills in electronic design, embedded programming, and robotic systems integration.

TECHNICAL SKILLS

Embedded Systems & Programming: STM32CubeIDE, C++, Python, Bash

Electronics & PCB Design: KiCad, Eagle, PSIM, Quartus, MATLAB

Mechanical & Tools: SolidWorks, Microsoft Office Suite, Linux environment

EDUCATION

BUT Electrical Engineering & Industrial Computer Science (GEII) | IUT Montpellier-Sète | 2023 - 2026

- Specialisation: Electronics and Embedded Systems (ESE)
- 3rd year in progress – ranked 7/17 | 2nd year – ranked 14/27 | 1st year – ranked 41/95
- Key skills: analogue/digital electronics, microcontrollers, automation

French Baccalauréat – General Stream (Pass with Merit) | Lycée Irène et Frédéric Joliot-Curie, Sète | 2020 - 2023

PROFESSIONAL EXPERIENCE

Internship BUT3 – 560h | Centre Spatial de l'Université de Montpellier 2026

- Development and integration of an IMU driver on STM32 microcontroller in C++ using STM32CubeIDE

Internship BUT2 – 350h | Electronics Production Technician | IneoSense 2025

- Modification and testing of electronic boards and products in an industrial environment

Seasonal Worker – Cashier & Warehouse Handling | Épicerie Canovas et fils SA, Sète 2024 – 2025

- Cash register management, customer service, stock management and handling

Observation Internship – IT Department – 35h | Régime Social des Indépendants, Montpellier 2019

- Introduction to professional IT tools, filing and document archiving

TECHNICAL PROJECTS

- Analogue robot – electronic design
- Sumo robot – mechanical & electronic design, embedded programming
- Connected taekwondo chest protector – electronic integration and microcontroller programming
- Raspberry Pi surveillance system – monitoring system, Linux development
- Electronic battery tester – PCB design and validation
- Communications Manager – BDE GEII Student Association 2024/2025

LANGUAGES & CERTIFICATIONS

- French: native language
- English: B2 level – Cambridge Certificate
- Spanish: A2 level
- Projet Voltaire: score 692/1000 (French spelling certification)

INTERESTS

- Volleyball: pre-national level, outside hitter – SVBC club
- Robotics (hobby) – building and programming personal projects
- Computer science and electronics (hobby)
